Free trial available Limited range of instruments: The app is currently available for piano, guitar, bass, ukulele and voice. It is not really designed for players of an intermediate level and above. Once you start dealing with your instrument, Yousician's lessons may seem a bit boring, repetitive and restrictive. Some people may not like the fact that, instead of feedback from a music teacher, feedback is provided by the app, so it is less accurate and does not provide any human interaction. interaction.
